ROMAN BLIND
KONF160

Roman blind with front-facing pleats providing a subtle visual structure, fabric attachment with hook-and-loop tape, easy installation and removal of the curtain, suitable for door-window combinations

Article number

KONF160

min./max. dimensions (observe max. dimensions of the hardware)

min. width 20 cm / max. width 400 cm
max. height 440 cm

Fabric requirement

Cutting width = finished width + 10 cm

Cutting height = finished height + 70 cm

Stack heights (depending on fabric and hardware)

Finished height up to 130 cm = stack height approx. 18 cm
Finished height up to 140 cm = stack height approx. 19 cm
Finished height up to 150 cm = stack height approx. 20 cm
Finished height up to 200 cm = stack height approx. 22 cm
Finished height up to 230 cm = stack height approx. 23 cm
Finished height up to 260 cm = stack height approx. 24 cm
Finished height up to 280 cm = stack height approx. 25 cm
each additional 20 cm = approx. 1 cm
